## **Thank You !!!**

The Board Members of our Club work very hard each and every day to be good stewards of our resources. We operate on a shoestring budget without much flexibility. That's why it is so very important that all of us, the general membership, take a vested interest in our Club and do whatever we can to help keep our Clubhouse and grounds a place we can continue to be proud of. In addition to our Board members, several others have stepped up and made significant donations of their time, talent and treasure in the past year. We would like to take a moment to acknowledge these folks and show our appreciation for their generosity. They make our Club better!

Brandi Wiley and Girl Scouts—in the pool area, more than 10 umbrellas and all the small tables by the lounge chairs, 2 grills, and a couple of 6 ft. tables for the banquet room.

Bert and Brandi Wiley cut down trees around the shuffleboard court while...

Lance and Lori Smith and Travis Geiger hauled away the debris.

Lance and Lori donated 6 umbrellas, 2 lifesaver rings, 3 special tables for umbrella stands on pool deck and various pool supplies

Jack Youra donated an umbrella for the pool area

George Ridler donated a large umbrella for the pool pavilion area

Brandi and Lori scrubbed the tiles around the pool, sprayed for bugs and killed the weeds on the pool deck at the beginning of the summer

Thank you all!! We appreciate your generosity!!
